Late revision: 1/6/2020

- **Content:** Investigation of applied systems level programming as it relates to operating system services and application interface programming. Topics will include: operating system service calls, file I/O, directory structure, memory management, process control, tasks, threads, concurrency, parallelism event driven programming, inter-process communication, sockets, servers and network protocols.
- **Textbook:** Stevens, R., Rago S., Advanced Programming in the Unix Environment. 3rd Edition. Addison-Wesley Professional, 2013. ISBN-13 : 978-0321637734.
- **Objectives:** Upon completion of this course, students will be able to:
 - A. Explain operating system services available to systems programmers.
 - B. Design and code systems programs to create, manage and synchronize programs, tasks, threads and processes.
 - C. Utilize operating system services to access and manage I/O devices, files and directories.
 - D. Implement systems programs to control memory management.
 - E. Utilize protocols and interfaces to communicate across computer systems.
- **Course grading:** 2 Midterm (2x 180 pts), Final (180 pts), 3 homework (3x100 pts), 1 project (160 pts)

Class Policies:

- **This is a hands-on course. Students are required to bring personal laptop every class.**
- Instructional Methods: lecture with slides, student presentations, class discussions and exercises, and project creations.
- **A:** >=940, **A-:** 939-890, **B+:** 889-840, **B:** 839-800, **B-:** 799-760, **C+:** 759-720, **C:** 719-680, **D:** 679-640, **F:** below 640 (C or better is needed for CS and IT majors.)
- It is students' responsibilities to verify all the scores posted on **the class website** that is announced on the first day of the class.
- **Assignments should be based on the school Linux server that is announced on the first day of the class.**
- Mid-Term Progress information will be provided to students by the instructor via KeanWise.
- No late work will be accepted without permission in advance from the instructor. Late work is penalized.
- No make-up exams are provided without documentation of medical or family emergency. Please arrange your schedule for the next 16 weeks to arrive in class on time and prepared.
- Attendance and participation are required.
- All work turned in under your name must be your own. **No credit will be given for an assignment or homework that is copied – in part or in total – from another person.**
- Exam policy: During class examinations, if a student leaves the classroom for any reason during the exam time, **the exam must be turned in before the student departs, concluding the exam for that student.** The student cannot resume the exam on return later. You may not make or take a phone call, text or access the internet during class or a test.
- **Classes may not be audio or digitally captured**, unless permission has been granted by the instructor for that specific class.
- **Public posting of course materials from this class is prohibited.** Materials presented in the classroom are for the personal use of registered students during the semester only. Homework, programs, and other classwork should not be shared, distributed or publicized in any way, for the protection of other students and in respect of the intellectual property rights of the faculty and copyright owners.
